

Rattan & Plastic Cleaner is a water-based cleaning agent for cleaning rattan and plastic. Rattan & Plastic Cleaner is also an excellent detergent for any synthetic surface like tarpaulin, fibreglas, caravans etc. Rattan & Plastic Cleaner is a gentle - but very efficient detergent to remove dirt.

Always test on a small area to make sure the surface tolerates the cleaning detergent.

Packaging may be recycled in accordance with local regulations.

Readily biodegradable surfactants in accordance with EU legislation. Store in frost-free place.

Dosage:

- For use with HPW: 2-5%
- Manual use: 1-2 dl. to 5 ltr. litres of tap water.

Application:

- High-pressure washer
- Foam sprayer (item no. 128500077)
- Super Foam Sprayer (item no. 128500938)

Fill detergent into the cleaning tank/Foam Sprayer. Apply detergent on subjects to be cleaned. Wait 2-5 minutes, but without the cleaning agent to dry out. After cleaning, rinse with tap water.
